## MF 7600

Apart from winning distinction as the "Machine of the Year 2012" in the category of premium tractors (180 hp to 260 hp) at Agritechnica in Germany, the tractors of the model MF 7600 series won numerous other international awards. The model matches all the features that are characteristic of this class of tractors including a glazed cab, doors and an engine bonnet that open(s) as well as a realistic imitation of the original steering which is provided by an additional steering rod that is guided through the roof of the tractor. The off-road full floating axle improves agility while the detachable front weight and the front loader receiver turn the tractor into a versatile all-rounder.
